

WADI MKWEZA

Computer Science Educator & Software Developer

Nkhata Bay, Malawi | +265 999 613 324 | wadimkweza@gmail.com | wadimkweza.mzatinova.com

PROFESSIONAL SUMMARY

Bachelor of Education in Computer Science graduate and founder of Mzatinova. Builds practical software end-to-end, from database design and backend APIs to frontend interfaces and applied machine learning. Founded and built EduSpace, an education management platform whose Portal product is deployed at two schools, and a maternal health risk prediction model with 94% accuracy. Combines a teaching background with ICT support and field data experience, giving a clear understanding of the real problems software needs to solve.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, TypeScript, PHP
- **Frontend:** React, Next.js, Tailwind CSS
- **Backend & APIs:** NodeJS, Flask, Laravel, REST APIs
- **Databases & Cloud:** PostgreSQL, Supabase, Firebase, database design, deployment
- **Machine Learning:** TensorFlow, data analysis, predictive modeling, applied ML
- **Office & ICT:** end-user support, systems troubleshooting

PROJECTS

EduSpace — Education Management Platform | EduSpace

- Founded and built EduSpace, an education management platform made up of four products: **Portal** (school management system), **Learn** (learning management), **Library** (school resources) and **Connect** (tutor discovery).
- EduSpace Portal gives directors, headteachers, teachers, bursars and parents role-based dashboards for results, attendance, fees and communication.
- Portal is live in production at Progress Private Primary School and Stepping Stones Primary School.

AI-Powered Maternal Health Risk Prediction | Maternal Health Predictor

- Trained a custom machine learning model that predicts maternal health risks with 94% accuracy.
- Built a Flask API and Next.js interface that delivers personalized care recommendations.

WORK EXPERIENCE

Founder & Lead Developer — Mzatinova | *Present*

- Lead product development, deployment and user support for the EduSpace platform.

Administrative and ICT Support — Progress Private Primary School | *2025 – Present*

- Provide ICT support for school operations, manage digital records, and prepare reports and administrative documents with accuracy and confidentiality.
- Serve as a key point of contact for parents and staff, handling queries professionally.

Field Enumerator — Unified Beneficiary Registry (UBR) Project, Nkhata Bay District Council | *Jan – Mar 2021*

- Conducted household interviews and collected beneficiary data on mobile devices, verifying data against project guidelines and keeping sensitive information confidential.

EDUCATION

Bachelor of Education in Computer Science (B.Ed.) — University of Malawi

2025

Malawi School Certificate of Education (MSCE)

2018
